_____ I (we) intend for the attached manuscript to be submitted only for posting on the 2001 IAAFSC web site as a portion of the 2001 IAAFSC compilation of symposia presentations online only. I (we) have no publication preference in this matter; use materials at your discretion.

4. **Assurance of Content** (with the exclusion of submissions submitted to the *RMC Proceedings*): Each author agrees that the material furnished for the appropriate journals has not been published previously elsewhere. Otherwise, the author guarantees that if it has been previously published in whole or in part, permission has been obtained from author(s) and publisher for reproduction in the appropriate journal, and the author will submit copy for the credit lines with the manuscript. In addition, each author agrees that the manuscript is not being submitted for publication elsewhere.
5. **Publication Costs:** Current page charges for the journals mentioned previously vary considerably. Please consult the individual publications for information on charges per printed page. The following agency or individual will be responsible for publication costs (Note: No page charges apply to manuscripts published in *RMC Proceedings* or on the ASAS web site):

Name: _____

Address: _____

*Poultry
Science*

*Journal
of Applied
Poultry
Research*

Or...

6. **Author Proofs:** The corresponding author of a manuscript submitted to *Journal of Dairy Science*, *Poultry Science*, or *Journal of Poultry Research* or for online publication by ASAS (keynote papers only) will be given an opportunity to read and correct the edited manuscript as page proofs, and an author approval form must be signed. Failure to return the corrected author proof and the author approval form to the Technical Editor of the appropriate journal by the deadline specified will delay publication of the article. Policies regarding author proofs do not apply to manuscripts submitted to the *RMC Proceedings*.

7. **Copyright Release** (with the exclusion of submissions to the *RMC Proceedings*): Copyright laws make it necessary for ADSA, ASAS, and PSA to obtain a release from authors for all materials published. To this end, we ask you to grant us all rights, including subsidiary rights, for your article. You will hereby be relinquishing to the American Dairy Science Association (for materials published in *Journal of Dairy Science*), American Society of Animal Science (for keynote papers published online on the ASAS web site), or the Poultry Science Association (for materials published in *Poultry Science* or *Journal of Applied Poultry Research*) all control over this material such as rights to make or authorize reprints, to reproduce the material in other association publications, and to grant the material to others without charge in any book of which you are the author or editor after it has appeared in any of these publications.

Whereas the American Dairy Science Association is undertaking to publish *Journal of Dairy Science* and

Whereas the American Society of Animal Science is undertaking to publish peer-reviewed, keynote papers online and

Whereas the Poultry Science Association, Inc. is undertaking to publish *Poultry Science* or *Journal of Applied Poultry Research*, of which the undersigned is author or one or more parts, the author grants and assigns exclusively to the given Association for its use any and all rights of whatsoever kind or nature now or hereafter protected by the copyright laws (common or statutory) of the United States and all foreign countries in all languages in and to the above named article, including subsidiary rights. The given Association, in turn, grants to the author the right of republication in any book of which the undersigned is an author or editor, subject only to giving proper credit in the book to the original publication of the article by the given Association.
